LOA: 25'4"
BEAM: 8'6"
FUEL CAPACITY: 100 GAL

POWER: 300HP OUTBOARDS
SPEED: 30+ KNOTS

The TL25 is our entry level all season fishing boat for both day trips and overnight stays for 2 to 3 people. The head in the bow can easily be accessed by removing the berth's center cushion and support while the port side table drops down to add a single bed for an additional occupant.

Designed with a deep V hull, this boat offers a smooth and dry ride even in larger seas.

As a semi-custom boat builder, at Tideline Welded Aluminum Boats we can customize the boat to fit your need and exceed your expectations.

Options include, power, paint, finish, and various electronics packages.

Base Price - \$330K CAD
